

## LUNCH SERVICE NOTES

Please take 2 minutes to complete the Lunch Service Notes. It is fast, easy and streamlines communication.

- 1) Type the URL <http://thx.choicelunch.com> into your mobile device or computer. It will always appear on your Daily Report

<http://thx.choicelunch.com> and enter **WSYW** for the Lunch Service Code (not case-sensitive).

- 2) Login using your username/password and enter the 4 letter code provided on the Daily Report. The code is unique to your school/day of service and expires in 48 hrs.

Thanks for helping out at the lunch counter!

- 3) **One** person can enter emergency lunches, issues and rate us on our "5 Star Service". Helper credit is issued immediately at participating schools. If more than one person receives credit, each helper can login but does not need to repeat adding notes for the day.

Why do it this way? Everything is faster! Issues will be communicated to the kitchen via a ticketing system and parents will know their child received an emergency lunch the SAME day. And if your schools uses Helper Credit, no more waiting for report processing.

It is imperative that the Notes are used by everyone who serves lunch at your school. We need to be ALL IN for this to be successful.

Thank you for helping us improve our service to your school!
